Dear Parent/Carer,

Text Messages Home

We write to inform you that following developments with our systems we will be replacing the texting system we currently use and will be sending emails to parents/carers instead of text messages with immediate effect.

We currently have email addresses for almost all parents and over the last week of term we will endeavour to contact those parents/carers for whom we do not have an email address on our records.

We would kindly ask that parents and carers contact us should they change either their email address, home address or contact telephone number in the future.

We will continue to call parents if a child is ill but most other information will now be sent by email.

Thank you for your support with this.

Yours sincerely,

Mr Endacott
Assistant Headteacher
