

Mathematics

■ Remarkable Curriculum ■

Ambition

- We are ambitious in developing students' sense of curiosity for maths, allowing them to solve complex problems fluently.
- We are ambitious in embedding a positive attitude towards maths, and we believe that all students can make progress towards being confident mathematicians.
- We are ambitious in providing a curriculum which is aspirational, enjoyable, and inclusive for all.
- We are ambitious in seeking extra-curricular opportunities to further enhance our students' cultural capital.

Commitment

- We are committed to making maths inspiring and engaging for all our students.
- We are committed in getting our students thinking, guiding them to become accurate and fluent in solving increasingly complex mathematical problems over time.
- We are committed to ensuring our students have a seamless transition from Key Stage 2 into Key Stages 3, 4 and 5, building on prior knowledge throughout.
- We are committed to broadening choices for our students through access to Further and Higher Education, resulting in a greater variety of career options.

Pride

- We show pride in our mathematical reasoning; presenting clear and logical arguments.
- We take pride in using mathematical language fluently and consistently.
- We are proud to develop resilient mathematicians, who can apply their skills and knowledge in a variety of contexts.
- Our curriculum seeks to shape well-rounded, confident, independent, and resilient problem solvers.
