Dear Parent/Carer,

## Year 9 GCSE Options Process

As you are aware, your child will be starting their Key Stage 4 GCSE courses in September 2025. We will shortly be beginning the options process with your child. Unlike previous years, there will be no subjects blocked against each other and so students will have a free choice of six subjects to study in order of preference. These will then be reduced to four final choices based on the feasibility of groupings. It is hoped that this will enable students to study the subjects they genuinely want to, rather than from a limited combination of option blocks.

There are a number of important events relating to the options process which are designed to give yourself and your child as much information, support and guidance in making the most appropriate choices for their future. Useful information regarding the options process will be available on the 'Year 9 Options' page of the school website throughout January. This includes a short presentation from myself explaining the procedures and application schedule as well as subject specific presentations sharing course information. The scheduled parents evening on January 30<sup>th</sup> will provide an opportunity to speak with subject staff should you have any questions. Alternatively, our Heads of departments' contact details can be found below if you have any subject-related queries in the meantime.

The Options Process Key dates and events are as follows:
